

**Spotsylvania Sunday School Union
Park Site Rental Addendum**

Due to the recent Pandemic caused by the Covid-19 virus and its various mutations, we encourage that the individual responsible for renting the SSSU Park Site ensure that everyone using the SSSU facilities wear a mask, maintain appropriate distancing and engage in proper hand washing for everyone that enters the Park Site building and grounds. It is also strongly encouraged that everyone completes all current Centers for Disease Control recommended COVID-19 vaccinations and booster shots prior to attending any public event.

The Spotsylvania Sunday School Union will not be held liable for any illness or injury as a result of using the Park Site building and grounds for any rental function.

The renter will be responsible for providing all hand cleansers and sanitizers during their time at the Park Site. It is strongly recommended that hand sanitizer be placed in both bathrooms to encourage enhanced health practices.
